A two hour sail will take you to Ko Maithon, which will give you the first opportunity to jump into warm tropical waters. After lunch we set sail for Ko Phi Phi Don arriving there in the evening. This is the place to treat yourself to a massage, pedicure, buy your souvenirs or just have a stroll around in the village.

Day 2)

We set sail for Kantiang Beach in Ko Lanta, This is one of the larger islands and it offers great beaches and the island is covered with natural forests inviting you to join for an elephant ride.

(This excursion is optional and not included in the charter price), after you return, we sail a bit further South to a secluded anchorage for the night.

Day 3)

We leave early and have breakfast on the way to visit Ko Muck and the Emerald cave. Here the kayaks come in useful and a flash light to explore this cave with a stunning surprise waiting for you inside the cave!

We set sail once again for Ko Rok Nok, where you will find some of the best snorkeling in the Andaman Sea! The water is crystal clear, the fish life rich and colorful and the beaches just simply the best. This is what you would imagine as paradise! In the evening we all settle on shore for a beach BBQ and a great sunset.

Day 4)

In the morning we have to explore some more snorkel spots before departure to Ko Ha, which is about 1/2 way towards the Phi Phi islands, where we have a snorkel stop for an hour or so. The waters here are just as pristine as Ko Rok Nok. This is also the best chance to catch some fresh Tuna for sashimi! In the afternoon we continue to Phi Phi Leh, where we will arrive just in time for a spectacular sunset in Maya Bay, where the movie "The Beach" was filmed. We spend the night here.

Day 5)

After a leisurely breakfast and kayaking to the beach, we set sail and depart for Ko Racha Yai, with the hope to spot some bottle nose dolphins which are regulars in that area. Again, the waters there are crystal clear inviting you for a swim and snorkel. We have several anchorages to choose from, all of them feature stunning beaches.

Day 6)

We set sail and head back towards Phuket, where we should arrive around 11:00 am for your departure.
